

Solar Open House

December 7th through the 11th
9 to 5:00 Each Day

2700 West Second St, The Dalles, OR.
(next to the Elks behind The Dalles Transmission)

Hire Electric is installing their own 7.4KW solar array on our shop in The Dalles. Please come by during the week of December 7th to see the solar panels, learn about the Enphase solar micro inverters, ask questions about the technology and incentives available and enjoy some Christmas goodies. We will also have product literature and demos on hand. On **Thursday December 10th at 5 pm** we will give a short power point seminar on putting solar energy to work in The Gorge.

See you there!
